

HF805

PERFORMANCE TYRE

The Hifly HF805 is a premium quality performance tyre, designed to provide optimal handling and performance.

Four wide, circumferential grooves provide efficient water evacuation for outstanding wet weather performance.

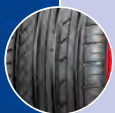

A variable pitch tread design ensures superior comfort and a quiet ride.

Jointless nylon band improves tread stiffness and uniformity and delivers high speed stability.

Silica tread compound provides reduced rolling resistance and improved wet weather performance.

A rim protector protects wheels from curb damage.
